

# RECRUITING FORM

## YAVAPAI COUNTY SHERIFF'S RESPONSE TEAM SEARCH AND RESCUE BACKCOUNTRY UNIT

The Yavapai County Sheriff's Response Team Backcountry Search and Rescue Unit is a highly trained group of volunteers that are dedicate to saving lives. The Backcountry Unit (BCU) performs search and rescue functions in the fields of high angle technical rope rescues and recoveries, swift water rescue and recoveries, tracking and clue awareness rescues and recoveries, assessment of any cave or mine rescue situations, emergency medical and patient care rescues, public education and preventative SAR. In addition to performing many ground based operations related to search and rescue the Backcountry Unit is responsible for coordinating and performing all Air Rescue operations such as long line short hauls, ingress and egress operations and all others that require the use of the Department of Public Safety Helicopter. Last but not least the backcountry unit is dedicated to aiding the Yavapai County Sheriff's Office in saving the lives of lost, injured or ill individuals that need urgent and immediate assistance in the backcountry environments of Arizona.
